

TRANSFORM NOW!

JOBS, JOBS, JOBS

has two success stories to share!

Cody started his partnership with MV Advancements only one year ago where he worked as a builder at their Wood Products Division. Just recently he started job development. He has already found a great job at Sears in the delivery department. He moves and sets up appliances and other customer purchases. He has also just obtained his Oregon Driver's License. Congratulations to Cody!

Josh was hired as a dishwasher with Brookdale Retirement Community in McMinnville. He enjoys working with his new co-workers and they feel the same about him. Josh gained valuable experience as a production worker in his five years at MV Advancements working in Industrial Services and decided the time was right for him to make the leap to community employment. Congratulations Josh!

Please share your success stories too!
